

JELLY BELLY

Jelly Belly jelly beans were invented in 1976. They were the first jelly beans to be sold in single flavours and to come with a menu of flavours. Starting with just eight flavours, there are now around 100 exciting and fun flavours sold all over the world!

The fantastic scent and colour combination has now been captured in a fun innovative range of scented car air fresheners for use in the car, home or office.

Formats include 3D Gel, Duo Vent, Gel Can, Vent Membrane, Paper and Pump Spray and are available in over 22 long lasting fragrances.
